Home institution / Address	

4. Selection of the PhD Candidate (to be filled in by the 1st supervisor)

Was the candidate recruited by the HR department?

Yes

No

If no, please give a short explanation on the selection of the PhD Candidate

max. 300 characters

5. PhD Supervisor/s and PhD Candidate agree on the following:

1. The realization of the PhD Thesis is based on the proposal (exposé), the time and work schedule and Course Work. The PhD Candidate commits himself/herself to the rules of Good Scientific Practice including proper project documentation.
2. The PhD Thesis comprises at least two peer reviewed publications with the PhD Candidate as first author and based upon the PhD research topic. The PhD Supervisor(s) are responsible for advising and supporting this aim. The PhD Thesis will be written in English
3. The PhD project has to be publicly defended within the first 12 months. Periodically, at least after the first and second year, reports documenting progress and development of the thesis project have to be provided (PhD Advisory Board meeting form). These reports have to be submitted to the Office for Postgraduate Studies.
4. The Supervisor/s commit/s himself/herself to continuously oversee and discuss the progress of the thesis project, the course work and comment on handed in texts (interim reports, chapters, drafts etc.) within an adequate period of time in a written or oral way.
5. The PhD candidate will attend course work of at least 15 ECTS for complementing the research project. Courses consist of i.e. of journal clubs, seminar series, practical training, lab rotations, guest lectures, active participation at congresses and didactic trainings. PhD-Candidates can select courses offered by the Vetmeduni Vienna as well as all national and international universities and equivalent research institutions. Attendance of course work has to be documented.
